Risk and Regulation Channel News: SREP 2023 results and SSM priorities 2024 - 2026 deep dive: Operational resilience & DORA

Part 3: Martin Neisen and Philipp Schulz talk about the challenges of implementing DORA

We take a deep dive into the topic of operational resilience and the new framework for the management of ICT and Cyber Risks set by DORA.

What is operational resilience?

Why is DORA so important for all banks?

How can financial institutions prepare for being resilient from an IT-perspective?

What are the biggest challenges for implementing DORA and how to tackle these challenges?

Where to start with implementing DORA?

What would be the top priorities within the implementation process?

This video introduces you to all the areas affected by DORA: information security, risk management, incident management, third-party risk management, business continuity management and reporting.

Get ongoing updates on the topic via regulatory horizon scanning in our research application, PwC Plus. Read more about the opportunities and offerings [here](#).
